

COMPACT TRACK LOADERS

T770

Looking for heavy-duty performance without unnecessary complexity? The Classic T770 is the largest and most powerful machine in the Bobcat® Classic loader lineup, combining maximum lift strength with rugged durability for demanding jobs like construction, demolition, land management and more.

Key Specifications

|                               |           |
|-------------------------------|-----------|
| Horsepower                    | 92 hp     |
| ROC Solid Undercarriage       | 3475 lbs  |
| Operating Weight              | 10515 lbs |
| Travel Speed (1-Speed)        | 6.6 mph   |
| Travel Speed - Low (2-Speed)  | 6.1 mph   |
| Travel Speed - High (2-Speed) | 10.7 mph  |
| Auxiliary Std Flow            | 23 gpm    |
| Auxiliary High Flow           | 36.6 gpm  |
| Aux System Pressure           | 3500 psi  |
| Length without Attachment     | 113.3 in  |
| Overall Width                 | 78 in     |
| Overall Height                | 81.3 in   |
| Height to Hinge Pin           | 132 in    |
| Reach @ Maximum Height        | 34.9 in   |

|                                      |         |
|--------------------------------------|---------|
| Engine                               |         |
| Horsepower                           | 92 hp   |
| Hydraulic Horsepower - Standard Flow | 47 hp   |
| Hydraulic Horsepower - High Flow     | 74.7 hp |

|                      |                                                             |
|----------------------|-------------------------------------------------------------|
| Alternator           | 90A                                                         |
| Battery Size         | 1000A                                                       |
| Engine-High Idle     | 2400 RPM                                                    |
| Engine-Low Idle      | 1050 RPM                                                    |
| Air Cleaner Elements | Replacable dry paper cartridge with seperate safety element |

|                                                |           |
|------------------------------------------------|-----------|
| Performance                                    |           |
| Rated Operating Capacity 400 lb. Counterweight | 3725 lbs  |
| Rated Operating Capacity 300 lb. Counterweight | 3650 lbs  |
| Rated Operating Capacity 200 lb. Counterweight | 3575 lbs  |
| ROC Solid Undercarriage                        | 3475 lbs  |
| Tipping Load                                   | 9929 lbs  |
| Operating Weight                               | 10515 lbs |
| Travel Speed (1-Speed)                         | 6.6 mph   |
| Travel Speed - Low (2-Speed)                   | 6.1 mph   |
| Travel Speed - High (2-Speed)                  | 10.7 mph  |
| Ground Pressure (Rubber)                       | 4.2 psi   |

|            |          |
|------------|----------|
| Capacities |          |
| Fuel Tank  | 43.8 gal |

|                                |          |
|--------------------------------|----------|
| Hydraulic System               |          |
| System Relief @ Quick Couplers | 3450 psi |
| Auxiliary Std Flow             | 23 gpm   |

## COMPACT TRACK LOADERS

# T770

Looking for heavy-duty performance without unnecessary complexity? The Classic T770 is the largest and most powerful machine in the Bobcat® Classic loader lineup, combining maximum lift strength with rugged durability for demanding jobs like construction, demolition, land management and more.

## Available Packages

### Closed Cab Comfort

For operators who require attachment versatility, this package builds upon the Core package by adding Power Bob-Tach and a 7-pin attachment control kit. With the closed cab, operators expand their comfort with a heated cloth air-ride seat and Bluetooth radio. Additional features include standard flow hydraulics, HVAC, sound reduction package, 2-speed travel, deluxe display, standard fan, keyless ignition, single direction bucket positioning and automatic ride control.

### Closed Cab Comfort Plus

For operators who want to add additional versatility and comfort, this package builds upon the Core package by adding power Bob-Tach, 7-pin attachment control kit and a rear-view camera integrated into the upgraded deluxe display. Other features include closed cab, HVAC, heated cloth air-ride seat, standard flow hydraulics, 2-speed travel, standard fan, keyless ignition, single direction bucket positioning, automatic ride control, sound reduction package and Bluetooth radio.

### Closed Cab Core

A step above the Work package, this package improves an operators efficiency and comfort with added features like 2-speed, automatic ride control and single direction bucket positioning. Other features include closed cab, HVAC, sound reduction package, adjustable vinyl suspension seat, manual Bob-Tach, standard flow hydraulics, deluxe display, standard fan and keyless ignition.

### Closed Cab Work

An entry-level package option at an attractive price point, the Work package offers dependable Bobcat power and performance with a streamlined set of features such as closed cab, HVAC, adjustable vinyl suspension seat, manual Bob-Tach, standard flow hydraulics, deluxe display, standard fan and keyless ignition.

### Open Cab Comfort

For operators who require attachment versatility, this package builds upon the Core package by adding Power Bob-Tach and a 7-pin attachment control kit. Additional features include open cab, adjustable vinyl suspension seat, standard flow hydraulics, 2-speed travel, deluxe display, standard fan, keyless ignition, single direction bucket positioning and automatic ride control.

### Open Cab Comfort Plus

For operators who want to add additional versatility and comfort, this package builds upon the Core package by adding power Bob-Tach, 7-pin attachment control kit and a rear-view camera integrated into the upgraded deluxe display. Other features include open cab, adjustable vinyl suspension seat, standard flow hydraulics, 2-speed travel, standard fan, keyless ignition, single direction bucket positioning and automatic ride control.

### Open Cab Core

A step above the Work package, this package improves an operators efficiency and comfort with added features like 2-speed, automatic ride control and single direction bucket positioning. Other features include open cab, adjustable vinyl suspension seat, manual Bob-Tach, standard flow hydraulics, deluxe display, standard fan and keyless ignition.

### Open Cab Work

An entry-level package option at an attractive price point, the Work package offers dependable Bobcat power and performance with a streamlined set of features such as open cab, adjustable vinyl suspension seat, manual Bob-Tach, standard flow hydraulics, deluxe display, standard fan and keyless ignition.
